the rate and the total amount of the assessments of the year 1900? Was it not during this time that the people paid the taxes for the proper equipment of county offices? Were not the taxes raised during the year 1901 and have the tax payers obtained value received for their money under the present regime?

Can any commissioner's district elect a man that is at all familiar with the proper valuations of all the property in his district?

If the people elect a man in each district who is competent and capable of properly attending to all the duties of county commissioner is not such a man able to live without the perquisites of the office? Again would not such a man have to neglect his own private affairs to properly attend to all the affairs and to properly acquaint himself with all the proper valuations so that he could in a just manner equalize the assessments? As a consequence is not DeSoto county accumulating a surplus of "tax dodgers?"

If the writer should vote against county division has he any reasonable assurance that the rate of taxation will be reduced and that assessments will be more nearly equalized?

Would it be wise to make a separate issue of County Division and let all the candidates eliminate it from their platforms and let all the tax payers of the county vote on it as a distinct issue—either for or against County Division?

Would it not be the part of wisdom to publish, say twice each year about two weeks before the convening of each term of the circuit court, for each month the

report of each road supervisor the number of days and the names of the laborers he has employed during the six months previous?

Miss Olney Williams Graduates.

Miss Olney Williams will soon be home once more. From a Nevada, Missouri paper we quote in reference to her, something that will interest our readers, who know her personally.

"The graduating recital of Miss Olney Williams, at Cotter College was well attended last night and the entertainment was of a high and pleasing order.

"Miss Lina Pike presided at the piano with becoming grace and Miss Williams, within herself, was a splendid attraction. This talented and interesting lady showed great culture in her readings, monologue and sketches. Both in patios and humor, the fair artist charmed her hearers. Miss Williams was most heartily encored and her praise is spoken today by every one who was privileged to enjoy her splendid entertainment."

A Menace to Health.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. Startling but True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold by Ed Greene and all druggists.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Ed Greene.

When warm, the best thing for you is ice cream. See A. B. Coker.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "a quick and perfect cure." Greatest healer on earth for Burns, Wounds, Sores, Eczema and Piles. 25c at Ed Greene's druggist.

LaGrippe and Pneumonia

Pneumonia often follows LaGrippe but never follows the use of Foley's Honey and Tar. It cures LaGrippe and prevents pneumonia and its complications. Ask for Foley's Honey and Tar and refuse any substitute. Mr. G. Vacher, of 157 Ogden Chicago, writes: "My wife had a case of LaGrippe three years ago. She left her with a terrible cough. A bottle of Foley's Honey and Tar gave immediate relief. A 50 cent bottle cured her cough entirely. Refused substitutes. Sold by Ed Greene."
